

MAPLE CLASSIC—T & G

The Smooth Square Edge Collection is milled to create nearly invisible joints for a custom “Sand & Finish” look. Long Length Boards (84” or 72”); each carton may contain 1-2 optimized split boards; Much longer than standard Random Length Flooring for fewer seams enhancing the appearance of the finished floor. The Smooth Square Edge Collection includes exciting and sometimes hard to find exotic species as well as some traditional domestic species.

SMOOTH SERIES-SQUARE EDGE WIDE PLANK COLLECTION

Wood is a natural product and is subject to inherent color and graining variation. It is not possible to demonstrate the species’ full range of color and characteristics in this sampling. The sample is designed to represent the floors’ overall appearance. Actual flooring may vary in color and display additional characteristics (knots, splits, mineral streaks, brown heart and sapwood), from sample shown; which displays the true character of the natural wood. This product will gradually darken or change color over time due to the natural aging process of the wood. All photo’s are simply a representation of what your floor may look like upon installation.
